YOUR WEBSITE

CLICK2CALL

Click2Call

Would you like to provide your customers and contacts a simple and free line to contact your company?

CallMyWay® offers you **Click2Call®.** Customers who visit your company's website will call you, at no additional charge, with a simple click.

BENEFITS

Speed up your business

Click2Call® together with the information you post in your web page, will accelerate your business process.
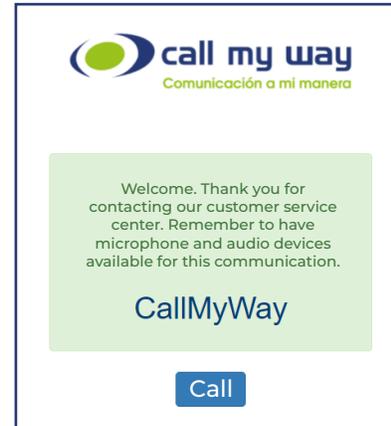

Personalized service

Unlike the "cold" relationship established between an end customer and a chat bot, Click2Call® offers a personalized treatment through one to one calls with your company's sales teams.

Service Customization

Click2Cal®l pops-up a window that can be customized with your company logo.

Pop-up window

FEATURES

Fast implementation

Click2Call® can be implemented as a fixed point or a floating point within your web page.

Fast activation

It only requires to set the number or queue to which Click2Call® need to be redirected.

Scalable solution

The solution is configured according to the number of simultaneous incoming calls you require. The growth in simultaneous incoming channels is unlimited.

Easy integration

Click2Call® is activated on the customer's website via an HTML link provided by CallMyWay®. The end customer designs the call button on his website and associates this HTML link to it.

Service activation fee

This charge reflects the number of simultaneous incoming calls configured.

Monthly charge

This charge reflects the number of simultaneous incoming calls configured. The service starts from 5 channels or simultaneous incoming calls.
